THE NEED

KEY IDEA

**Our cities are losing
green cover and lakes
at an alarming rate.**

Why we exist

The challenge

Our cities are losing green cover and lakes at an alarming rate.

Families in the communities we serve face this every day. Our programmes work with local volunteers and partners to create lasting change.

Community photo

02

OUR WORK

Our programmes

Urban forests

Dense native plantations.

Lake revival

Clean-ups and wetland restoration.

Green schools

Nature clubs and nurseries.

Our approach

1 Listen

Community meetings and surveys

2 Partner

Local volunteers and schools

3 Act

Programmes with clear goals

4 Measure

Track outcomes and report

03

IMPACT

IMPACT

Our impact so far

55,000

trees planted

7

lakes revived

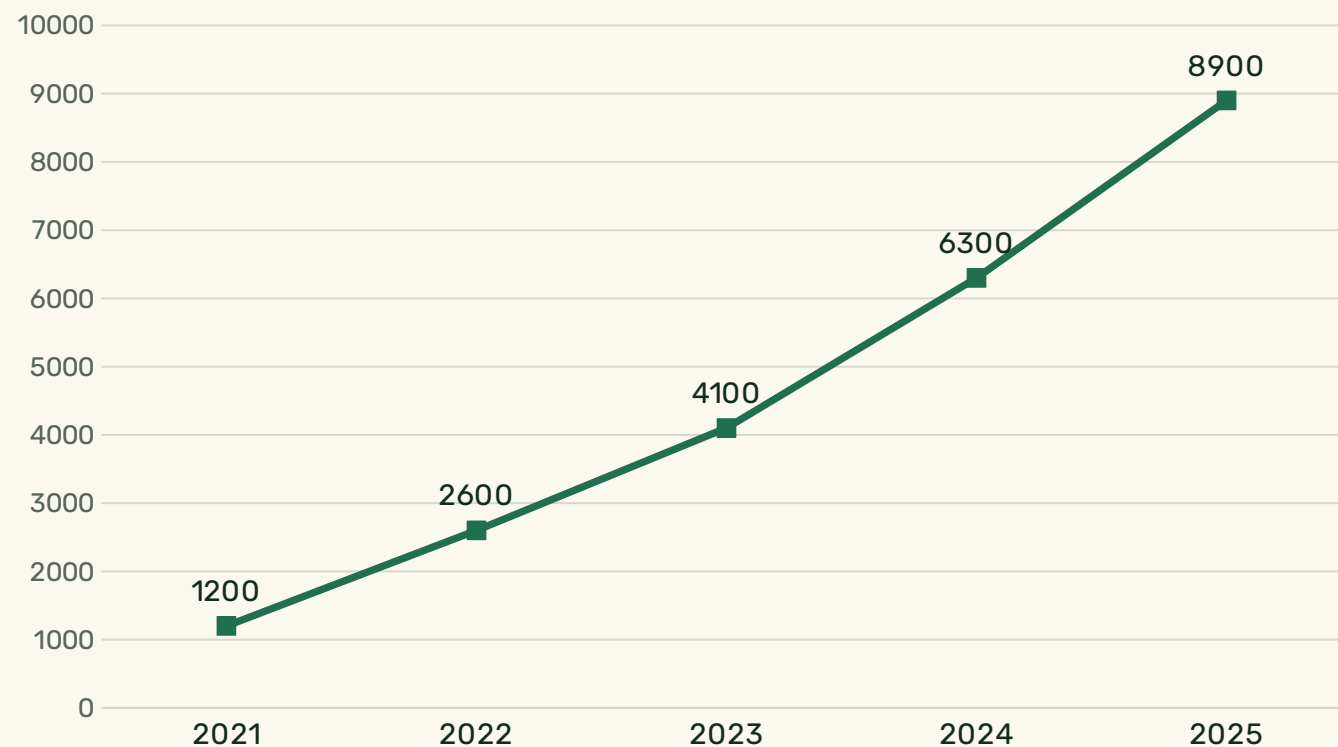

90

green schools

Programme figures shown are sample data.

IMPACT

People reached each year

Sample data for illustration – replace with your own figures.

Reach has grown steadily as we added volunteers and partner schools.

Portrait image

“

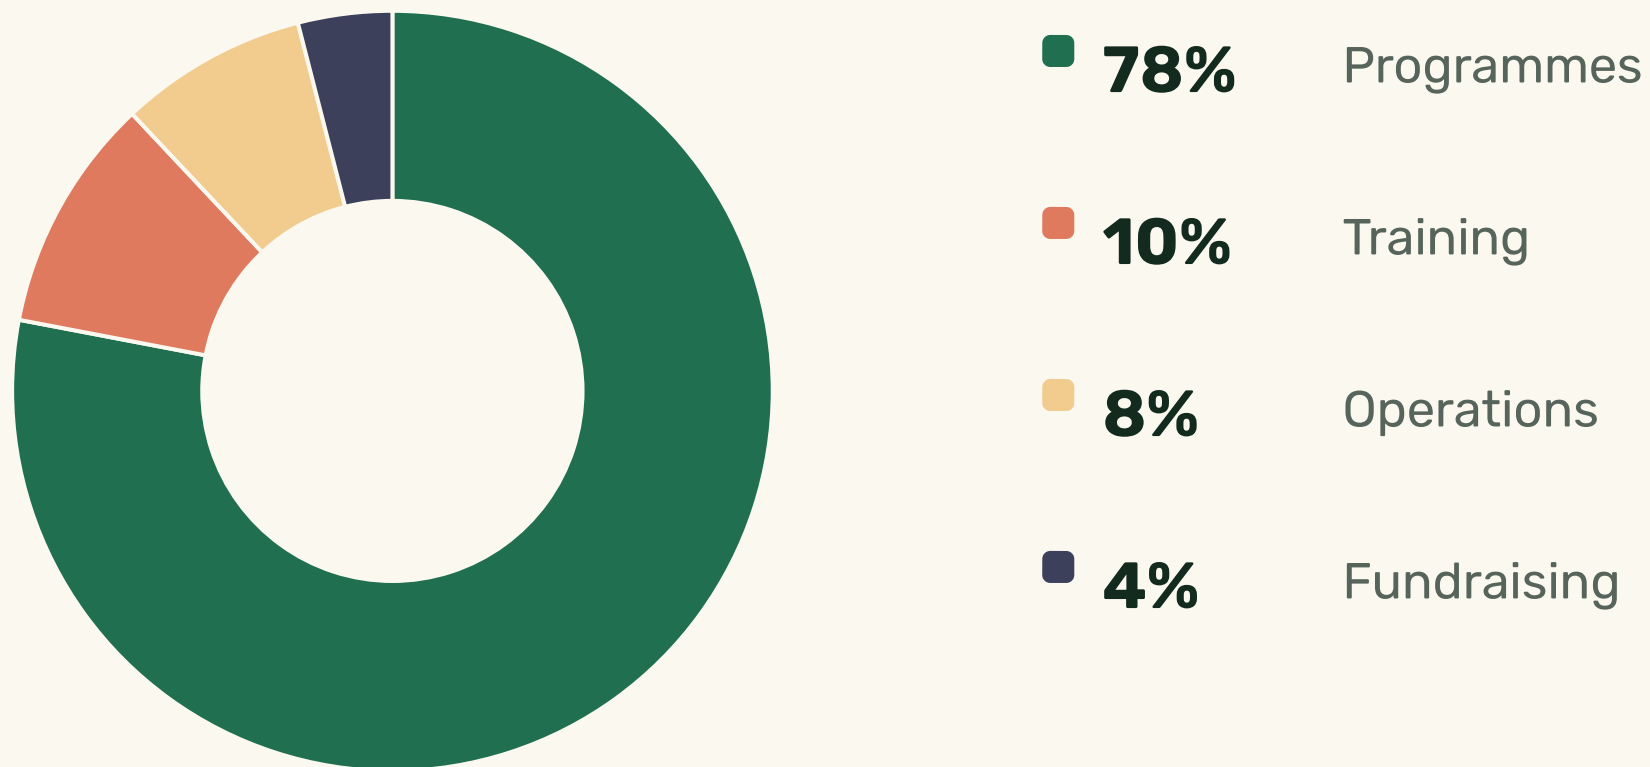

*The lake near our home is
alive with birds again.*

GET INVOLVED

Where your money goes

Sample data for illustration.

How you can help

Donate

₹1,000 supports one child
for a month.

Volunteer

Give a few hours every
weekend.

Partner

Bring your company's CSR
to the field.

Together, we can do more

Join us – every contribution counts.
