THE NEED

01

**The city has lost much of its
tree cover and many lakes
are polluted.**

Why we exist

The challenge

The city has lost much of its tree cover and many lakes are polluted.

Families in the communities we serve face this every day. Our programmes work with local volunteers and partners to create lasting change.

 **OUR WORK**

02

Our programmes

01

Tree drives

Native saplings with care plans.

02

Lake clean-ups

Volunteer weekends.

03

School clubs

Eco-clubs in schools.

Our approach

1 Listen

Community meetings and surveys

2 Partner

Local volunteers and schools

3 Act

Programmes with clear goals

4 Measure

Track outcomes and report

IMPACT

03

Our impact so far

48,000

trees planted

9

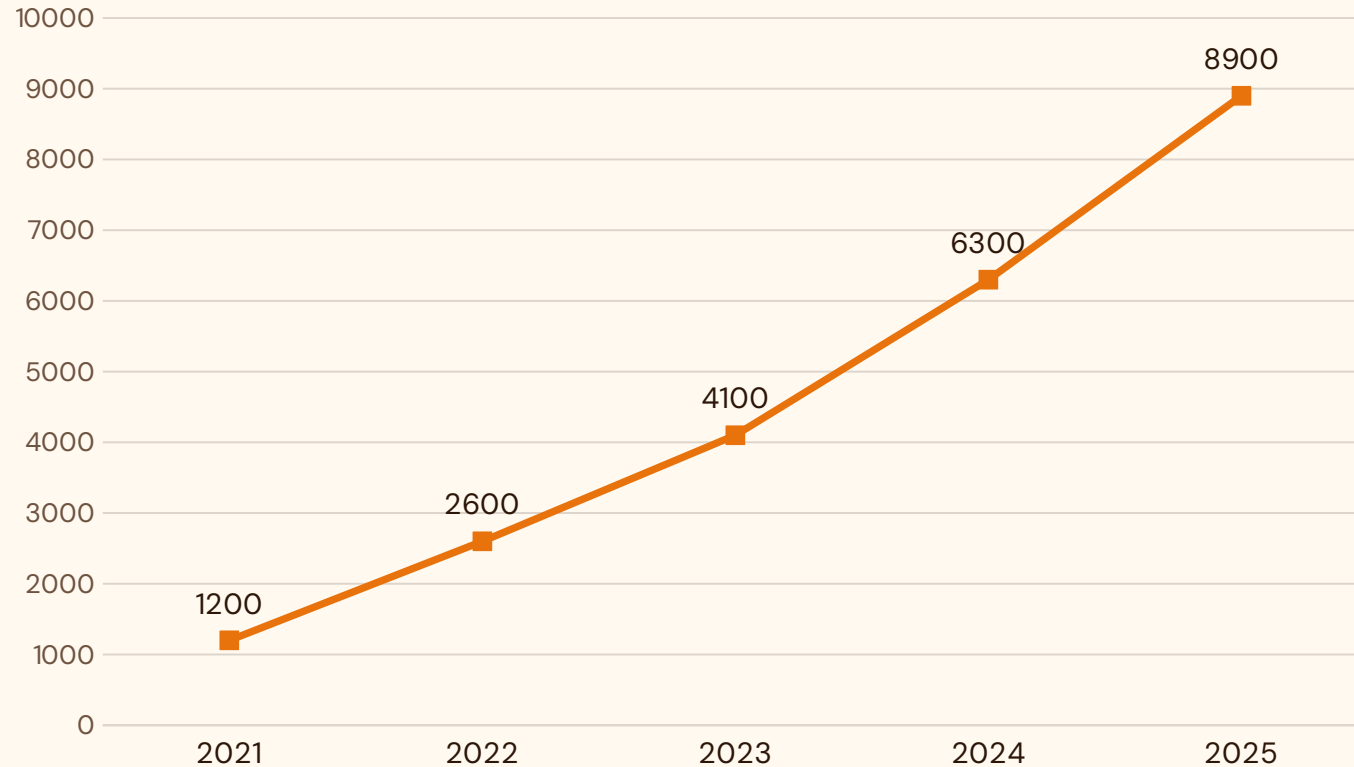

lakes restored

12,000

volunteers

Programme figures shown are sample data.

People reached each year

Sample data for illustration — replace with your own figures.

Reach has grown steadily as we added volunteers and partner schools.

Portrait image

“

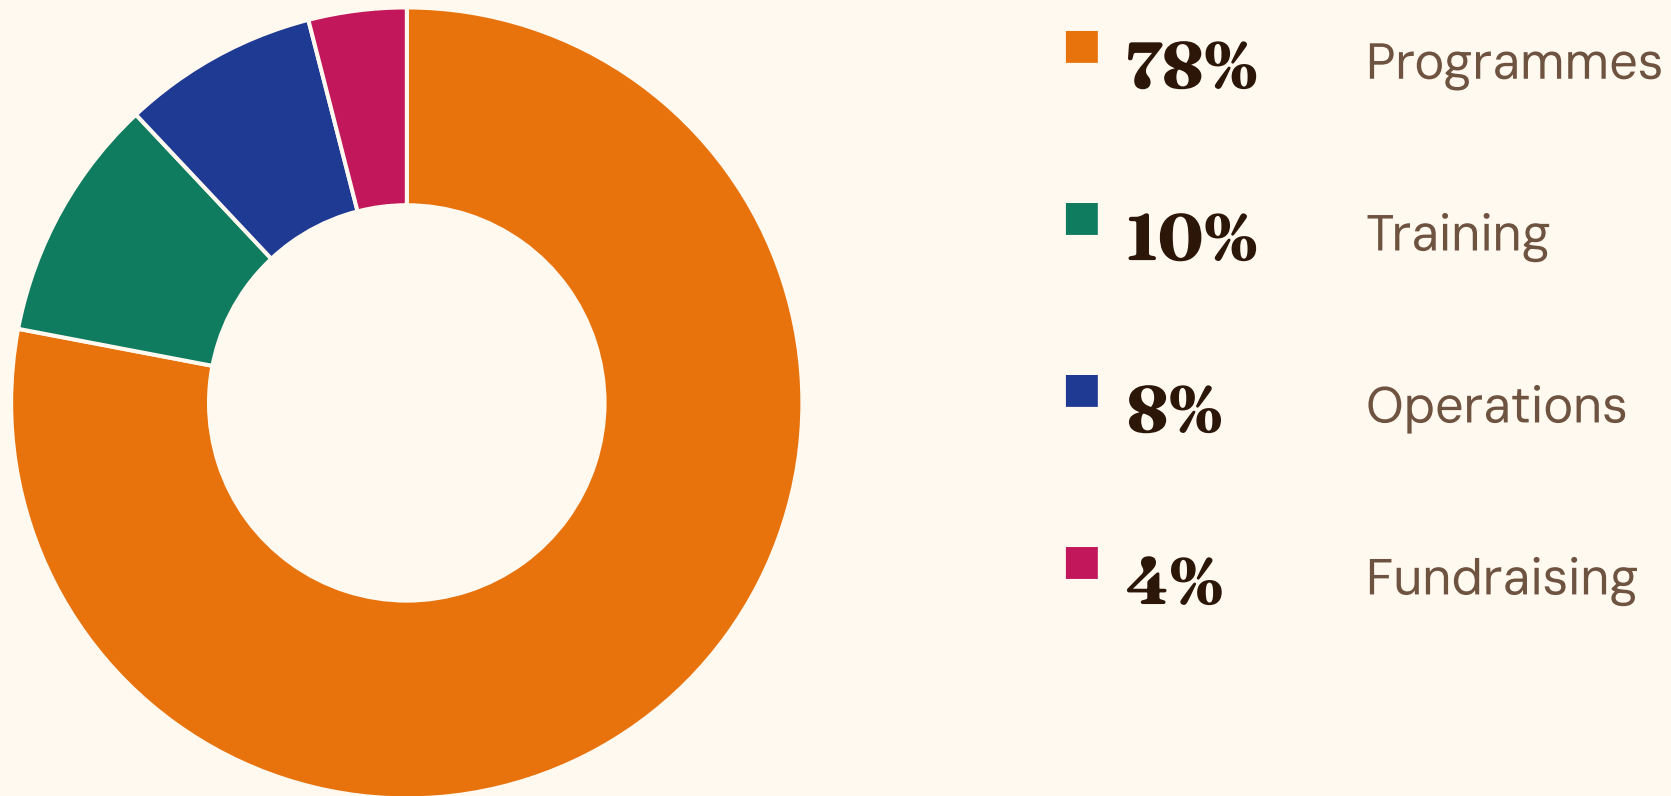

Our lake has birds again. My children count them every Sunday.

— Programme participant

How you can help

01

Donate

₹1,000 supports one child
for a month.

02

Volunteer

Give a few hours every
weekend.

03

Partner

Bring your company's CSR
to the field.

Together, we can do more

Join us — every contribution counts.
