01

THE NEED

Women in drought-hit villages still walk
hours every day to fetch water.

Why we exist

The challenge

Women in drought-hit villages still walk hours every day to fetch water.

Families in the communities we serve face this every day. Our programmes work with local volunteers and partners to create lasting change.

02

OUR WORK

Our programmes

Rainwater harvesting

Check dams and recharge pits.

Water ATMs

Purified water at low cost.

Water committees

Village-led maintenance.

Our approach

1 Listen

Community meetings and surveys

2 Partner

Local volunteers and schools

3 Act

Programmes with clear goals

4 Measure

Track outcomes and report

03

IMPACT

Our impact so far

64

villages with safe water

1.2 L

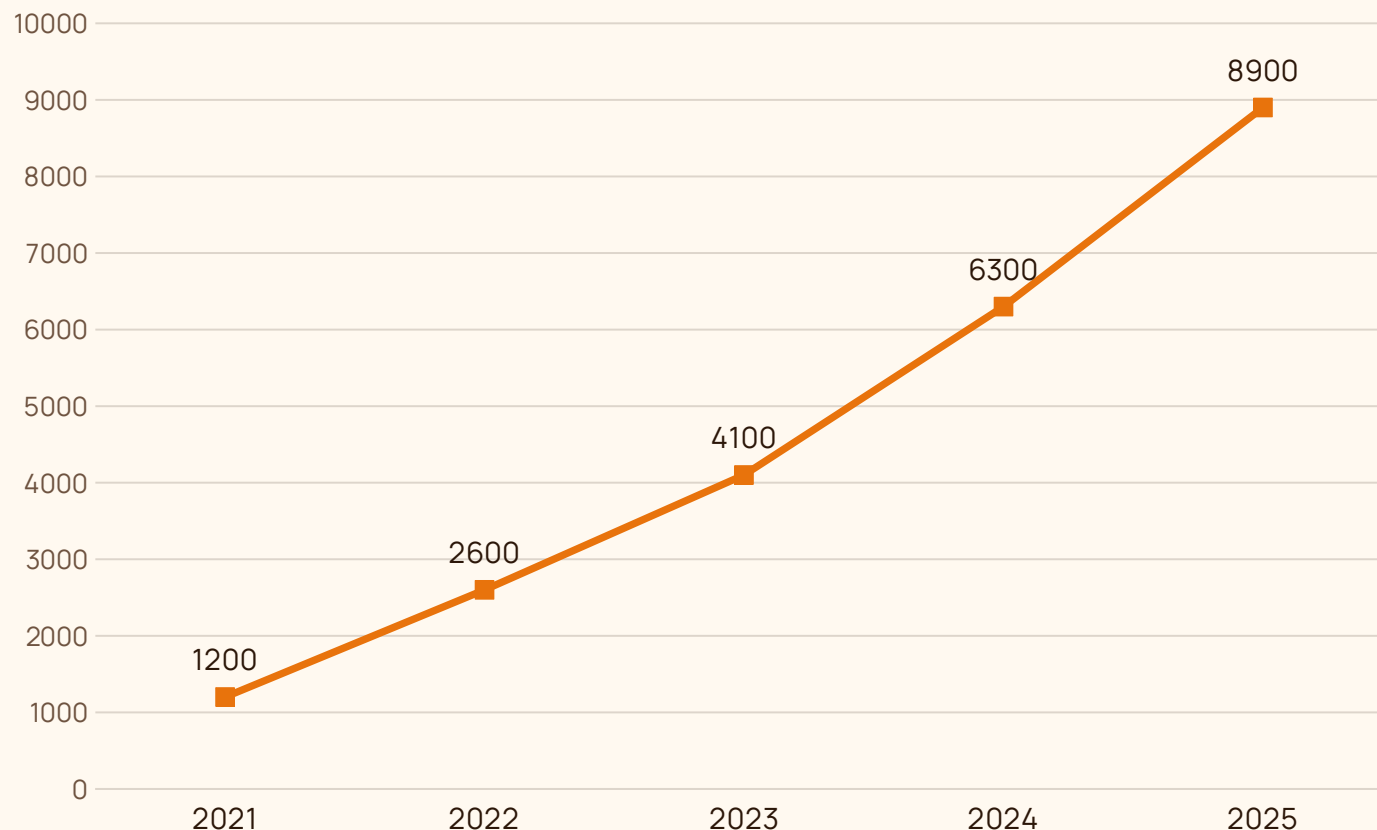

people benefitting

3 hrs

saved per family daily

Programme figures shown are sample data.

People reached each year

Reach has grown steadily as we added volunteers and partner schools.

Sample data for illustration – replace with your own figures.

Portrait image

“

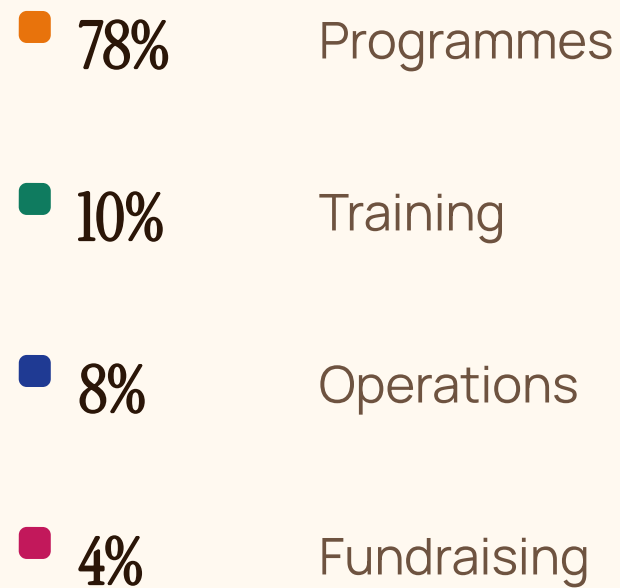

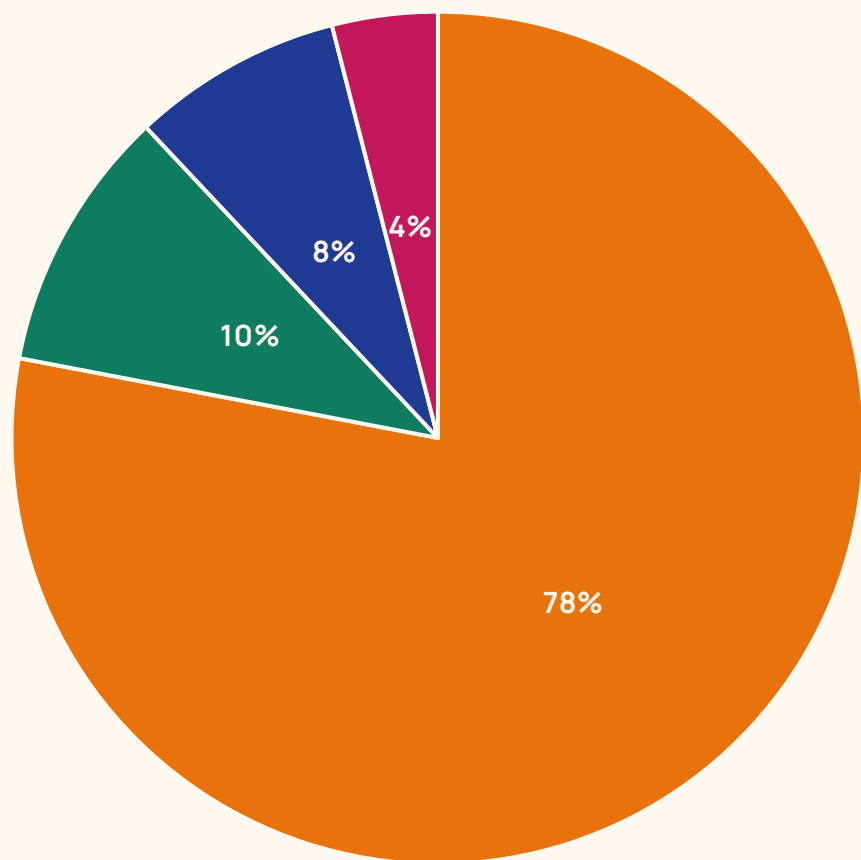

Our girls go to school now instead of walking for water.

How you can help

Donate

₹1,000 supports one child
for a month.

Volunteer

Give a few hours every
weekend.

Partner

Bring your company's CSR
to the field.

Together, we can do more

Join us — every contribution counts.
