ABOUT

Hello, I'm Sana

I make complex products feel simple.

I design web and mobile products for fintech and education startups, from research and flows to polished interfaces and design systems.

Onboarding that doubled sign-ups

Challenge, approach and outcome — summarise the brief, show the key decisions and end with the result. Replace the image with your strongest visual.

Learning platform

Course player and progress

Show the before and after, the constraints you worked within and what the client said about the result.
