ABOUT US

Studio Arka is an architecture and interior design practice creating homes, workplaces and institutional buildings that respond to climate, context and the people who use them.

Our designs draw on local materials and passive cooling techniques, combined with contemporary planning and detailing.

VISION, MISSION AND VALUES

Our vision

Buildings that are beautiful, comfortable and kind to the environment.

Our mission

To design spaces that fit their place and serve their users for generations.

Our Values

Context

Every site and client is different.

Sustainability

Design for climate first, technology second.

Craft

Details matter at every scale.

Collaboration

Good buildings are made by good teams.

WHAT WE DO

We provide complete design services from feasibility and concept through construction drawings and site supervision.
