Science Exhibition Draws Record Visitors

Our annual science exhibition on 21 February showcased over 80 working models made by students from Classes VI to XII. Parents, alumni and students from neighbouring schools explored projects on renewable energy, robotics, water conservation and health.

The judges praised the originality of several projects, including a low-cost water filter made from local materials and a solar-powered irrigation timer. Winning teams will represent the school at the district science fair next month.

Board Exam Preparation Support

Extra classes for Classes X and XII are being held every Saturday until the examinations. Teachers are also running doubt-clearing sessions during the lunch break.

Students are encouraged to follow the revised timetable shared by their class teachers and to attempt the sample papers uploaded on the school portal.

Sports Day Highlights

Blue House won the overall championship at this year's Sports Day, held on 7 February. Records were broken in the girls' 100 m and the boys' long jump.

The march past and the drill display by the primary section were special highlights.

Science is not just in
textbooks — it is in every
question we ask.

— *Principal's message*

Reading Week

The library celebrated Reading Week with storytelling sessions, a book exchange and an author interaction for middle-school students.

Eco Club Update

The Eco Club planted 120 saplings around the campus and launched a paper-recycling drive in every classroom.

Inter-School Debate

Our senior debate team reached the finals of the inter-school debate competition on the topic of technology in education.

Health Corner

With exams approaching, remember to sleep well, drink plenty of water and take short breaks while studying.

Spotlight: Ms. Kavita Iyer

Mathematics teacher and Robotics Club mentor

Ms. Iyer has mentored the Robotics Club for five years. Under her guidance, students have built line-following robots and smart dustbins, and this year two teams qualified for the regional robotics challenge.

Upcoming

Date	Event	Where
15 Mar	Board examinations begin (Classes X & XII)	Exam halls
28 Mar	Annual result declaration (Classes VI–IX, XI)	School portal
1 Apr	New session begins	Campus
12 Apr	Parent orientation	Auditorium

Notices

Fee for the new session is due by 10 April. • Summer uniform from 1 April. • Lost-and-found items will be donated on 31 March.
