

Kavya Menon

Computer Science Engineering Student

+91 98765 01234 · kavya.menon@email.com · Bengaluru, India · github.com/kavyamenon

OBJECTIVE

Final-year CSE student who loves building useful web apps. Comfortable across the stack, curious about machine learning and looking for a software engineering role where I can learn fast and ship.

EDUCATION

B.Tech, Computer Science & Engineering

2022 – 2026

Westbridge Institute of Technology · CGPA 8.9 / 10

Class XII (CBSE)

2022

Aster Grove School, Kochi · 94.2%

Class X (CBSE)

2020

Aster Grove School, Kochi · 96.0%

PROJECTS

CampusEats — canteen pre-order app

2025

React, Node.js, MongoDB

- Built a pre-order app used by 1,200 students; cut canteen queues at lunch by half.
- Added UPI-style payment mock-ups and live order tracking.

Plant disease detector

2024

Python, TensorFlow

- Trained a CNN on 8,000 leaf images reaching 94% test accuracy.
- Deployed as a simple web demo for a farmers' workshop.

INTERNSHIP

Software Engineering Intern

May – Jul 2025

Orbitra Software, Hyderabad

- Built REST endpoints and unit tests for an internal reporting tool.
- Reduced a slow report query from 9 s to 1.5 s.

TECHNICAL SKILLS

Java Python JavaScript React Node.js SQL

ACHIEVEMENTS

- Winner, inter-college hackathon (2024)
- Top 5%, national coding contest (2025)

POSITIONS OF RESPONSIBILITY

- Technical Head, Coding Club (2024–25)
- Volunteer, NSS teaching drive
