Research interests

Biotechnology student with lab experience in microbiology and molecular biology. Looking for a research assistant or quality-control role in life sciences.

Education

B.Sc., Biotechnology

2023 — 2026

St. Aldwin's College · CGPA 8.7 / 10

Class XII (State Board)

2023

Aster Grove School, Chennai · 95.1%

Research internship

Research Intern

May — Jul 2025

Riverstone Research Labs, Chennai

- Ran PCR and gel electrophoresis; maintained lab records for 50+ samples.

Projects

Antibacterial activity of neem extracts

2025

Lab research

- Tested extracts against three bacterial strains and presented results at a college symposium.

Skills

PCR · Cell culture basics · Microbiology · Lab documentation · Data analysis

Tools

ImageJ · Excel · R (basics)

Coursework

Molecular Biology · Genetics · Biochemistry · Bioinformatics

Achievements

- Best Poster, college science symposium (2025)
- INSPIRE scholarship holder

Leadership

- Secretary, Biology Club
