PROFILE

Final-year computer science student from India applying to M.S. programs in the U.S.; interests in systems for machine learning.

EDUCATION

Westbridge Institute of Technology

May 2026

B.Tech. in Computer Science and Engineering, Bengaluru, India

CGPA: 9.32/10 (Department Rank 2 of 180); GRE 331 (Q 170, V 161); TOEFL 115

Relevant Coursework: Compilers, Distributed Systems, Deep Learning, Parallel Computing

EXPERIENCE

Orbitra Software

May 2025 – Jul 2025

Software Engineering Intern, Hyderabad, India

- Optimised GPU kernels for an inference service; reduced latency by 28% for a model serving 1M requests a day.

National Summer Research Program

May 2024 – Jul 2024

Research Intern, Bengaluru, India

- Implemented gradient compression for distributed training; $3.1\times$ less traffic with $<0.5\%$ accuracy loss.

Westbridge Systems Group

Aug 2024 – Present

Undergraduate Researcher, Bengaluru, India

- Building a scheduler for mixed CPU/GPU clusters; paper submitted to a student workshop.

LEADERSHIP & ACTIVITIES

Westbridge Coding Club

Aug 2024 – May 2025

Technical Head, Bengaluru, India

- Ran weekly contests for 400 students; 6 teams qualified for regional ICPC rounds.

SKILLS & INTERESTS

Technical: C++, Python, CUDA, PyTorch, Go, Docker, Linux

Languages: English, Kannada, Hindi

Interests: Competitive programming, Carnatic percussion, trekking
